

The Storms have passed but the needs continue...

Hurricane Harvey Relief

According to the Jewish Federation of Greater Houston, no other Jewish community in the U.S. has witnessed such widespread devastation. Harvey's catastrophic destruction has left Houston's Jewish community in jeopardy, affecting nearly every house of worship, school, and Jewish community center.

In addition to these centers of Jewish communal life, thousands of Houston residents have homes which need major remediation for flood and mold damage. We can help them rebuild.

To see firsthand the dire state of the community and to contribute to individual congregations or to Jewish Federation of Greater Houston, visit <https://www.houstonjewish.org>.
